PRODUCT OVERVIEW & OPERATING INSTRUCTIONS

Thank you for purchasing the **NEO GEO 153-in-1 MVS/AES Game Cartridge**. This multi-game cartridge contains 153 classic arcade titles for the SNK NEO GEO system, spanning fighting, action, shooting, sports, and puzzle genres.

Key Features & Navigation:

- **Complete Official Library:** Features 153 genuine titles with zero duplicates and no modified/hack roms.
- **Plug and Play:** Insert into a compatible NEO GEO motherboard or console and power on to access the graphical menu.
- **Game Selection:** Use the 1P joystick to navigate through the game list. Press the **A Button** or **START** to load the selected game.
- **Exit / Game Switch:** Hold the **START button for 5 seconds** (or press START + A + B simultaneously) during gameplay to return to the main selection menu.

⚠ SAFETY & OPERATING WARNINGS

- **NO HOT-PLUGGING:** Always turn off the power to the arcade cabinet or console BEFORE inserting or removing the cartridge. Hot-plugging while powered on will cause irreversible damage to the cartridge microchips or motherboard.
- **VOLTAGE COMPATIBILITY:** Ensure your Neo Geo motherboard / system operates within standard voltage limits (+5V / +12V DC). Unstable or excessive power supply lines can damage onboard IC chips.
- **CHOKING HAZARD:** Contains small electronic parts. Keep out of reach of small children.

🔧 CARE & MAINTENANCE GUIDE

- **Edge Connector Cleaning:** If experiencing blank/garbled screens or boot failures, clean the golden edge connector pins using a soft eraser or isopropyl alcohol with a cotton swab.
- **Storage Environment:** Store the cartridge in a cool, dry place away from direct sunlight, extreme humidity, high temperatures, and strong magnetic fields.
- **Handling:** Avoid touching the golden connector pins directly with your fingers to prevent oxidation from skin oils.
